Indiana's official bird checklist, featuring over 400 species, provides a comprehensive guide to resident and migratory birds. This Field Checklist categorizes birds by season (see legend below), inviting birders to explore diverse habitats across Indiana.

Visit indianabirdingtrail.com for details on prime birding locations.

KEY TO OCCURANCES*

A= Abundant- Numerous, can usually be seen

C= Common- Can be seen in proper habitat

U= Uncomon- Present, but not in great numbers

R= Rare- Only a few sightings each season

V= Very Rare- Not seen every season

X= Accidental- Out of range, very few sightings

S= Spring (March-May)

s= Summer (June-July)

F= Fall (August-November)

W= Winter (December-February)

dist contains over 400 species, but species with fewer than 5 records. diana Audubon website for a
